

2025 Books and Voluntary Contributions

Student book packs 2025

Each year we go to great lengths to source the best products for your child's book supplies. Attention is paid to such things that make a difference to your child's learning that you may not have perhaps noticed. For example, how dark the lines are on the pages, the shiny / matt finish on the paper can make a significant difference. By purchasing through the one supplier, those quality supplies are purchased in bulk and savings are passed on to you.

This year we have taken on parent feedback in relation to books and have amended our process. Therefore, families do not have to place an order for student books and supplies, we will arrange them all for you and they will be sent to your child's class.

Details of what is now covered in our Curriculum Contributions is available on the following pages.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

What am I paying for?

How is the money spent?

Within our school this support has allowed us to continue to run the Stephanie Alexander Kitchen Garden Program, purchase new furniture for the classrooms and improve our buildings and grounds. Next year we plan to continue the Stephanie Alexander Garden Program. We also hope to invest in some playground and grounds works to compliment the new buildings that will be constructed thanks to our recently acquired grant to update our administration and learning spaces.

The office will be open on Tuesday 28th January and Wednesday 29th January from 9:00am until 4:00pm when you will be able to pay for your curriculum contributions. Any contributions paid by the end of this year or by Tuesday 29th of January 2025 will go into the draw to win an iPad.

Yours sincerely,

Chelsea Granger PRINCIPAL

Ali Lang SCHOOL COUNCIL PRESIDENT

Refunds

Our school will consider requests for partial or full refunds of payments made by parents on a case-by-case basis, considering individual circumstances.

Generally, we will not be able to refund payments made for items purchased or costs that have already been paid where those funds have already been transferred to a third party. For example, camp costs when a child becomes unwell and cannot attend in circumstances where the payment has already been made or committed to a third party and no refund is available to the school. Where possible, we will make this clear to parents at the time of payment.

Our school will also take into consideration the DETs Parent Payment Policy and Guidance, Financial Help for Families Policy, and other relevant information.

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the standard curriculum requirements in Victorian Curriculum F-10, VCE and VCAL.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
